## **CLASS MENTORING EXERCISE**

This will be a short 5-week mentoring exercise with one or two other people in the class. Here are a few basic guidelines to follow		
	(1) <b>Establish the relationship</b> . Pursue someone who will be interested in this exercise. (Men w/men, women w/women)	
	(2) <b>Jointly agree on the purpose</b> . The purpose needs to include the topics we are studying in this class.	
	(3) <b>Determine the frequency and length of time</b> . Because of the short length of the class it should be once a week for at least 45 minutes. In person is best.	
	(4) <b>Set the life cycle</b> . When engaging in an actual mentoring relationship with someone, this MUST be built into the agreement. This exercise is established by the class length.	
	(5) <b>Evaluate the mentoring relationship</b> . Is it accomplishing its purpose? If not, modify it.	
	(6) <b>Bring closure</b> . When the life cycle is finished and expectations have been met, bring closure, or set a new life cycle.
