CLEAN WATER FOR TIBETAN VILLAGES

Our water is very dangerous with parasites and heavy metals. We drink from this filter every day! Thank you for your love for us. (From Wuzhi , a leader in this organization)

The filters have arrived in Qinghai Province! This is the group working with Tibetan villages that have been relocated within the Qinghai Province. We recently shipped three of the filters but one of the filters was "pirated" along the way. The two pictured made it safely!

We've placed LifeStraw Community water filters in three villages which supply clean water for 200 people a day for 5 years. We're planning to ship filters to several other villages but are looking into a much better LifeStraw unit. Use the QR code to read more about this exciting project.

ZUNI PUEBLO

Pastors Jack and Jane, along with Jon and Wendy Caprio, will be visiting the Zuni Pueblo in New Mexico on September 5-9. Our long time friend, Arden Kucate, is running for the office of Zuni Governor and we will be with him on Tuesday.

We will also reconnect with others in the village, such as Loyd, whose family is doing the house in Jemez. We're bringing a Community LifeStraw and personal solar lights for the village.

BIBLES FOR CHANG TANG LEADERS!

Lobsang is bringing copies of the new T. Bible to the leaders of Tibetan nomads in the Chang Tang September 5, the same day we are leaving for the Zuni Pueblo. Please pray for great success in both trips!!

DHARAMSALA, INDIA, FEBRUARY 2023

We will be returning to Dharamsala the middle of February. Pastor Jack will be leading an awesome team: Joe Uribe, Adrianna Delgadillo, John Brown, Jody Alway and Travis Anderson. The next five months will require prayer and preparation from the team as well as you, the church. (One team: Praying, Giving, Going)

We will be with Lobsang and Dolma, as well as Yeshe of Tibet World. We will also present the DL with the special T. Bible!

Below: Photo of Dharamsala and the spiritual snapshot of India.
